Brain Injury Challenge: Race for Recovery

5k Run/Walk and Wheelchair Roll

Sunday, October 15, 2023

Tyler State Park, Newtown, PA

Dear Friend:

Each year, 82,000 Pennsylvanians sustain a brain injury, including 21,000 children. Acquired brain injury (ABI) can be secondary to trauma, stroke, post-surgical complications, and acquired disease processes. The recovery process for individuals and their families can be emotionally and financially challenging. Currently, 287,000 Pennsylvanians are living with lifelong disability due to brain injury.

We are reaching out to you to join us in our fundraising event: **Brain Injury Challenge: Race for Recovery**.

We are currently seeking sponsorship and donations for this important community event. Proceeds will benefit the Drucker Brain Injury Center at MossRehab and the Brain Injury Association of Pennsylvania as we work to bring awareness to the issue of brain injury through education about prevention, assessment, and treatment of traumatic and acquired brain injury.

In return for your generosity, your organization will receive a wide range of benefits including but not limited to website and social media exposure and event day recognition (see attachment for details).

Online donations may be completed through www.biapa.org/brain-injury-challenge-race-for-recovery-2023 or mail your generous donation with the attached donation form. Your contribution is appreciated and tax deductible.

We welcome you to attend and participate in the event on October 15 so we may thank you personally for your support. Please complete the attached donation form and contact us with any questions.

Sincerely,

The MossRehab Drucker Brain Injury Center and the Brain Injury Association of Pennsylvania

Danielle Scarpitti
